

Razel Jade Hijastro

Content Writer & Community Strategist · Crypto / Web3

razeljadehijastro28@gmail.com · +63 907 108 2678 · Pagadian City, Philippines

PROFESSIONAL SUMMARY

Crypto and Web3 content specialist with 3+ years of experience producing institutional-grade analysis across leading exchanges. Track record of covering Bitcoin adoption, DeFi mechanics, regulatory developments, and market structure for global audiences. Combines editorial rigour with community strategy — having led cross-platform teams at Bitget and MEXC during high-volatility market cycles.

PROFESSIONAL EXPERIENCE

External Content Writer

Jul 2025 – Present

LBank Exchange

- Produces analytical articles on institutional Bitcoin adoption, ETF flows, regulatory developments, and DeFi protocol mechanics for LBank's global publication platform.
- Maintains SEO-optimised editorial standards with strict sourcing requirements — government data, financial institution reports, and primary research.
- Covers emerging policy themes including stablecoin legislation, CBDC surveillance implications, and tokenised securities frameworks.

Assistant Manager, TikTok Team

Jul 2023 – Nov 2024

Bitget

- Supervised creator partnerships to expand Bitget's brand reach on TikTok across Southeast Asia.
- Developed campaigns that balanced educational crypto content with platform algorithm optimisation, improving organic reach and follower retention.
- Managed creator onboarding pipelines, performance evaluation frameworks, and content guideline enforcement.

Content Writer

Feb 2023 – Jul 2023

MEXC Global

- Authored market analysis articles covering token launches, regulatory updates, and on-chain activity.
- Recognised as top performer for consistent output quality and engagement metrics across a six-month tenure.

Senior Team Manager

Oct 2022 – May 2023

MEXC Global

- Led cross-platform social media team managing brand presence on Twitter, Telegram, Discord, and regional community channels.
- Implemented content strategies that drove measurable follower growth during elevated crypto market volatility.
