

To Whom It May Concern,

I'm writing to recommend Razel Jade Hijastro for a position at your company. I worked with Razel Jade at LBank, and he left a strong impression.

He knows his subject. Cryptocurrency and blockchain are not easy to write about well most writers either oversimplify or disappear into jargon. Razel Jade does neither. He writes clearly, gets the details right, and respects the reader's time.

He's also easy to work with. Our communication was professional, prompt, and genuinely pleasant. What stood out most was how seriously he takes his own growth — he's not just checking boxes, he's always looking to get better.

He works hard and follows through. I'd recommend him without hesitation.
Feel free to reach out if you have any questions.
